

Please accept this as my testimony (for

the
public hearing held on 3/17/1

4

) in **SUPPORT of HB 5416 (Section 2)**, Ban on Gestation crates. I also write
in **OPPOSITION to HB 5080** — I am **opposed to Sunday hunting**.

Gestation crates are incredibly cruel. They have already been banned in 9 states.

I am attaching a photo of gestation crates. The citizens of Connecticut do not want
this. Please make this illegal in Connecticut.

Hunting endangers public safety. Connecticut residents and their children should be
able to go for a walk

on Sundays

without worrying about being shot. We should be discouraging the use of deadly
weapons - not encouraging it. Please let us go for a hike without putting our lives in
jeopardy.

Sincerely,

Wendy Horowitz
New Haven, CT
